Full Stack Web Developer

Full stack web developer and U.S Airforce Veteran, pursuing a computer science degree with a concentration in business through University of Mount Olive. Recently earned a certificate in full stack development from UNC Chapel Hill coding bootcamp, with newly developed skills in JavaScript, CSS, React.js and responsive web design. Known as an innovative problem solver, with a focus in developing web apps. Adept in working independently as well as collaborating with teams across multiple functions. Fluent in English and Spanish.

Technical Skills

Languages: Java, JavaScript, CSS, HTML5

Database: MySQL, MongoDB

Other: Heroku, GitHub, Power Apps, Power Automate, SharePoint

Projects

ECU WIT Website - [Deployed Website](#) | [GitHub Repo](#)

Front-End web app for East Carolina Women in Tech Club

- Developed a website for ECU's WIT club, played a role as a webmaster and held workshops showcasing how to develop the website.
- Tools Used: Bootstrap, HTML, CSS, JavaScript

HIVE - [Deployed Website](#) | [GitHub Repo](#)

Full-Stack web app to help student's organizational skills

- Worked alongside four other team members in creating a web application to help grow students' leadership, delegation, and organizational skills while easing the stress of group projects.
- Tools used: React.js, Node.js, MongoDB, Express, CSS, JavaScript, and jQuery

Experience

**COMPUTER TECHNOLOGY ASSISTANT | EAST CAROLINA UNIVERSITY, GREENVILLE
NC | APRIL 2021- DECEMBER 2021**

- Assist CET technical services personnel by working on custom designs | Developed applications for CET personnel through Power Apps, and Power Automate to reduce workload and increase organization.

- Website creation, designing custom reports, SQL reports, SharePoint design, workflows, big data modeling. | Developed CET SharePoint site to assist file sharing among faculty in order to increase efficiency.
- Provide mentoring and schedule coordination to students enrolled as interns to the technical services group | Hosted workshops with ECU WIT club and ECU ACM club to inform students about Microsoft applications.

SUPPLY TECHNICIAN | SEYMOUR JOHNSON AFB GS-07, GOLDSBORO NC | 2019 - PRESENT

- Evaluate and Inspect supply management documents and supplies in the 916-supply squadron.
- Inspects and evaluates Due in From Maintenance (DIFM) from other squadrons.
- Position as a subject matter expert to the commander on the operation of material management systems and operations such as the Logistics, Installations and Mission Support (LIMS-EV).
- Managed the repair cycle listing using the Enterprise Supply Solution (ESS), ensuring return of damaged items returned to supply for repair and distribution into United States Air Force global supply.
- Track and maintain the shelf-life serviceability and status of Chemical Defense Equipment items, notified users when items had expired or were unserviceable through the Mobility Inventory Accountability System (MICAS).
